

The Scandinavian Department
announces

**FERNSTRÖM FELLOWSHIP
FOR 2011-2012 and SUMMER 2011**

Open to graduate students who wish to study in Scandinavia (*especially Sweden*). Preference will be given to students of Scandinavian literature and culture, but the competition is open to graduate students in all fields. In the past few years awards have been made to students from departments such as Architecture, Rhetoric, Music, Political Science, Sociology, Energy & Resources, Interdisciplinary, and Computer Science. The most successful applications demonstrate the need for research in a Scandinavian country that can not be accomplished elsewhere, interest in the culture, relevance of the language and/or culture to the student's dissertation topic, etc.

THE APPLICATION FORM IS ATTACHED.
